SUMMARY

I once climbed one of the hardest sections of the Superior Hiking Trail. It was seven miles of strenuous, rugged, and steep terrain. While I was hiking, I considered turning around and ending the hike about 100 times (probably more, if I'm being honest!). But despite just giving birth, high humidity, and not having enough caffeine in my system, I kept going. Because I'm that person - once I set my mind to something, it happens.

TECHNICAL SKILLS

- React
- Redux
- Redux-Saga
- C#
- .NET
- SQL
- Node.js
- Express
- HTML 5
- CSS 3
- Javascript
- jQuery
- Bootstrap
- Git and GitHub
- User Authentication - Passport
- PHP
- MySQL
- Google API
- Material UI
- react-beautiful-dnd
- Project Management
- AGILE
- REST

PROFESSIONAL EXPERIENCE

August 2021 - Present

Freelance - Software Engineer

Your Path

- Building and maintaining their robust database
- Implementing new features as requested by the client

February 2021 - August 2021

Prime Digital Academy - Full Stack Software Development Student

- Full time, high-intensity program where I learned multiple programming languages and best practices in both front and back end environments

Solo Capstone: Quiet the Bees

- Built an app for neurodivergent brains that encourages them to stay on task, increase productivity, and track mood and mental health

Group Client Project: Your Path

- Developed an app for Your Path, a local business that is advocating for recovery-oriented care and treatment for those on the road to recovery. Their current workflow for matching patients with providers is using an excel spreadsheet and a significant amount of manual work - with this application they are able to completely automate that process!
- Within this team, I acted as the client facing contact, the head engineer for design and styling choices, and worked to implement the feature that the client wanted most - drag and drop!

May 2019 - May 2021

Saturday Properties - Leasing Coordinator

- Implemented new technologies and systems on a daily basis - a significant portion of the individually created processes were built based on AGILE/SCRUM methodologies.
- Multitasking Sales Wizard (193+ units) that maintained property as top-of-market in the middle of a pandemic
- Collaboratively worked as part of a team to ensure the satisfaction of residents
- Expertly juggled multiple projects simultaneously

May 2017 - May 2021

Mary Mettelle, Real Estate - Realtor

- Collaborated with multiple vendors, departments, and clients each project
- Worked with people from all walks of life
- Intimate knowledge of what it takes to run a business
- Successful due to extremely efficient systems management - AGILE/Kanban boards used daily

May 2017 - May 2019

Biaggi's Ristorante Italiano - Server

- Led, managed, and mentored a team of servers and bartenders during large events
- Presented, explained, and answered questions about specials, menu items, and complex dish preparation
- Actively listened to customers preferences and offered customized recommendations to complete their experience

November 2012 - May 2019

Your Favorite Coffee Shop - Supervisor and Barista

- Adapted frequently to various locations, a diverse customer and staff base, and roles and responsibilities
- Promoted employee growth, efficiency, teamwork, and a fun work environment
- Multitasking was paramount in this role, as was interacting with hundreds of customers daily.
- Reviewed and maintained our store's performance to budgeted goals

EDUCATION

August 2021

Prime Digital Academy - Full Stack Software Engineering Certification

- Full time, high-intensity 20-week program that trains software engineers using HTML 5, CSS 3, Javascript, jQuery, React, Node.js, and C#. The program focuses on building front-end and back-end technical skills, as well as developing soft skills such as public speaking, collaboration, and working in an entirely remote environment.

May 2018

Saint Catherine University, Saint Paul - Bachelor of Arts

- Here I found my love for languages, linguistics, and advocating for marginalized communities
- The focus of my degree is in American Sign Language and English

June 2014

Inver Hills Community College, Inver Grove Heights - Associate's Degree - PSEO

- As a Junior and Senior in High School, I studied full time at Inver Hills Community college, successfully graduating high school with my associate's degree
